

XXIX Conference of the Danubian Countries

*On hydrological forecasting and
hydrological bases of water management*

*Followed by the **Hydrological Days** Conference*

 **Brno, Czech Republic**

 **Sep 6 – 8, 2021**

**Czech
Hydrometeorological
Institute**

Introduction

Ladies and gentlemen,

we would like to invite you to the XXIX Conference of the Danubian countries to be held in Brno, Czech Republic between September 6 and 8, 2021. The Conference will focus on hydrological topics and current research needs in the Danubian region.

The current pandemic situation and the associated measures brought us to the idea to enable attendance at the Conference not only in person, but also virtually for those, who do not want to travel during these uncertain times.

The Conference of the Danubian Countries will be followed by the Conference of Czech and Slovak hydrologists “Hydrologické dny” (Hydrological Days), held between September 8 and 10, 2021. It is possible to attend both conferences. More information can be found at www.hydrologickedny.cz.

Conference topics

- Unify our efforts - platform to connect with GWP CEE, WMO RA VI, ICPDR and the Sava Commission
- Learning about hydrological extremes: then, now & in the future
- Data: traditional & emerging, measurement, management & analysis
- Danube water and Danube society
- R language for hydrology (workshop)
- Common projects on the Danube

Publication

- Extended abstracts proceedings (printed)
- Full papers proceedings (digital)
- Special issue (selected papers)
